ROB ROY SEIZED AGAIN.

The customs authorities seized the little Island schooner Rob Roy yesterday morning for violating the law which requires that all American vessels shall be commanded by American masters.

At the time of annexation the Rob Roy was registered as an American boat. The craft is owned by a Japanese hui, which employs a Japanese captain. The Rob Roy was fined \$110 for the same offense only two weeks ago.

LESSONS IN NAVIGATION.

Both of the Inter-Island steamship companies are preparing to give lessons in navigation to their captains and mates. Examinations will be conducted with a view to comply with the laws of the United States which require that all officers who stand watches shall be licensed pilots.

Both companies, Wilder's Steamship Company and the Inter-Island Steam Navigation Company, have engaged Captain Robertson to instruct the men so that they will be able to pass the pilots' examination.

The mates and the captains of all the Island steamers are to meet on board the Kinau on Sunday at 1 o'clock in the afternoon. Those speaking the Hawaiian language only will meet on the following day at 7 o'clock in the evening. Captain Robertson will conduct both of the meetings.

There was considerable talk on the waterfront yesterday on the part of the chief engineers of the different steamers of the Island fleets. They want to know why it is that no course of instruction has been arranged for them. They, too, have examinations to pass and would appreciate instruction in the matter. As it is now they are hustling on their own account, studying during their otherwise leisure moments.

INSPECTION OF THE SIERRA.

SAN FRANCISCO, Dec. 6.—Hundreds of invited guests were received aboard the Oceanic Company's new steamer Sierra yesterday afternoon and last evening, when the handsome vessel was for the first time since her arrival thrown open for formal inspection. In addition to Claus Spreckels and John D. Spreckels, owners of the steamer, Captain Houdette and other officers were present in uniform and entertained the guests of the occasion, who included in their number many of the socially prominent residents of the city. Chief Steward Hannigan was particularly active in showing visitors over the vessel. As all the furnishings had been replaced since the Sierra arrived from Philadelphia a few days ago, the vessel's interior was very attractive, and was highly praised for its up-to-date features. The Sierra sails next Wednesday for Sydney.

MORE GOLD FROM AUSTRALIA.

SYDNEY, N. S. W., Dec. 3.—The Oceanic Steamship Company's steamer Alameda, Captain von Oterendorp, which sailed from Sydney for San Francisco, via Auckland, Apia and Honolulu, carries £300,000 in specie.

REACHED THEIR DESTINATION. SAN FRANCISCO, Dec. 4.—The overdue list posted at the Merchants' Exchange, which a few weeks ago assumed large proportions, now contains the names of only three vessels, two having been stricken from the list yesterday. They were the British ship Westgate, seventy-nine days from Hongkong for Portland, Ore., upon which 15 per cent reinsurance was quoted, and the British ship Fulwood, 110 days from Table Bay, for Hongkong, upon which 25 per cent was quoted. Both vessels have reached their destination.

A FILIPINO STOWAWAY.

SAN FRANCISCO, Dec. 4.—Santiago Pastor, aged 30, is the first Filipino stowaway to be brought over from the Orient by a transport, or any other vessel. He arrived on the Thomas last Saturday, and is detained by Immigration Inspector A. de la Torre. The Filipino can neither read nor write, and his entire possessions consist of a jump-suit, pair of overalls and a cap. He was discovered on the Thomas soon after leaving Nagasaki, and has ever since been used as a coal passer.

COAL SHIPS REACH PORT.

SAN FRANCISCO, Dec. 4.—The British ship Thistlebank, seventy-seven days out, and the British ship Drumbar, out seventy-one days, both from Newcastle, N. S. W., appeared off the Heads yesterday, and were towed into the harbor late last evening. One of them is believed to be the ship that was sighted by the steamer Bo ita Sunday morning, standing close toward Montara reef, off Half Moon Bay.

SONOMA DUE THIS MONTH.

SAN FRANCISCO, Dec. 4.—The Oceanic Company's new steamer Sierra will go alongside the Pacific street wharf today, when preparations for sending the vessel out for Australia on the 12th will begin. Officials of the company expect the Sonoma, second of the new steamers recently built at Phil-

adelphia, to reach this port by December 27th. The Sonoma sailed from Philadelphia on November 18th.

DISASTER AT NEWCASTLE.

SAN FRANCISCO, Dec. 4.—A cablegram was received by the Western Commercial Company yesterday, stating that a bark loading coal at Newcastle, N. S. W., had turned over and sunk. The name of the vessel was not, however, made clear in the cablegram, and more definite information is expected today.

AUSTRALIA SAILS FOR SOUTH SEAS.

SAN FRANCISCO, Dec. 5.—An absence of the commotion that formerly attended the sailing of the steamer Australia when she was on the Honolulu route marked the vessel's departure for Tahiti yesterday. The sailing was scheduled for 4 o'clock, and the Australia left very nearly on time, carrying a full cargo of freight and a number of passengers, among whom were two foreign noblemen. They were Count Visard de Bocarme and Count Joe d'Oultremont, both of Italy, traveling for pleasure, who intend to spend several weeks on the Island of Tahiti, after which they will go to the South Sea Islands. Another passenger was L. A. Chevalot, on his way from France to take a Government position at Papeete. He is accompanied by his wife and three children. The remaining cabin passengers were L. Gilet, S. Grand and wife, H. G. Gouin, T. E. Severon, T. W. Kelley and wife and S. Derron and wife. A large amount of French mail was taken by the Australia, which is scheduled to reach Tahiti by December 15th, remaining there four or five days before starting on the return trip.

An hour before the Australia sailed, Captain Lawless was surprised to receive a gift of a pair of fine marine glasses. They were presented by Captain John Leale of the ferry-boat Bay City on behalf of the passengers who made the round trip to Tahiti on the Australia last month. The following inscription was engraved on the gift: Presented to Captain Robert T. Lawless, steamship Australia, by his passengers on the initial trip to Tahiti, November, 1900.

HOW TO CURE CROUP.

Mr. R. Gray, who lives near Amenia, Duches county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Benson, Smith & Co., Ltd., agents, wholesale agents.

GENTLEMEN:—It affords me great pleasure to say, that our iron roof, 1,400 square yards, covered by your "Arabic" Compound is very satisfactory. The heat under our roof before you painted it, was almost unbearable, now it feels like an ice house compared to what it was. It is more than 15 DEGREES COOLER.
